SKAGWAY AND HAINES, ALASKA

Journey into the wilderness through the

Chilkat Bald Eagle Preserve

See the American Bald Eagle in its natural habitat

Where the road ends, your adventure begins

This is an adventure not to be missed. Enjoy seeing the Alaska wilderness in true comfort and style. State of the art, specially designed jet boats will take you deep into the preserve and the wilderness where no vehicle can travel, while you marvel at the hanging glaciers and mountains that surround you. We proudly boast of more moose sightings than any other tour offered on board your ship. Privately owned property in the middle of the Bald Eagle Preserve allows for comfort and all the amenities, such as a covered heated lunch pavilion and modern bathrooms. Cook your own hot dogs over the campfire or the BBQ pit and visit with your river guides while they tell you about the Alaskan lifestyle that they love. We provide jackets to keep you dry and lap blankets to keep you warm.
